My dear Sir

You were kind enough to say to me when I last saw you that you would turn over to me the "Policy" you held for the insurance of this house - as the Policy you have I suppose contains a description of the house & may I ask the favor of you to call at the Insurance Office and enquire what they will charge me for annum for an insurance of \$3000 on the House and \$1000 on the furniture - Will you please inform me of the result of your enquiry and direct me how to proceed - I am My dear Sir

Yours very obt. Serv^t
